"The Board" (meaning State Board of Nursing) "shall not issue a license or certificate to an applicant who has been convicted of a felonious act prohibited by the act of April 14, 1972 (P.L.233, No.64), known as "The Controlled Substance, Drug, Device and Cosmetic Act, " or convicted of a felony related to a controlled substance in a court of law of the United States or any other state, territory or country unless:

- (1) at least ten (10) years have elapsed from the date of conviction;
- (2) the applicant satisfactorily demonstrates to the board that he/she has made significant progress in personal rehabilitation since the conviction such that licensure of the applicant should not be expected to create a substantial risk of harm to the health and safety of patients or the public or a substantial risk of further criminal violations; and
- (3) the applicant otherwise satisfies the qualifications contained in, or authorized by, this act.

As used in this section the term "convicted" shall include a judgment, an admission of guilt or a plea of nolo contendere. An applicant's statement on the application declaring the absence of a conviction shall be deemed satisfactory evidence of the absence of a conviction, unless the board has some evidence to the contrary. (No. 1985-110 Section 5)
