Note: The costs listed above are "maximum potential program costs." CPI is required by the Department of Education and its accreditors to identify and list maximum potential costs for budget purposes. Your program costs may be lower than those identified above. The mandatory fees, which include registration, technology, and application fees, support essential services such as admission processing, parking passes, key fobs, Wi-Fi access, copier privileges, IT support, and graduation-related items, including caps, gowns, diplomas, and certificates.
